# Who We Are

Delta Paper is one of the largest converters of Industrial, Food Service, and Supermarket Papers in North America. We have been in business since 1972 and with that comes history, tradition, and a responsibility to uphold the highest quality of service and products in our industry. For the past 47 years we have earned the reputation for being an honorable and ethical company. We provide our customers with competitive pricing, quick lead times, and high quality products. We take pride in every product that leaves our facility because our name and reputation are on the line.

# Who We Service

We sell our products primarily through a network of independent and large national paper and packaging distributors and wholesalers.

# Our Responsibility

While many companies have recently begun to change their initiatives to incorporate 'green' measures, Delta Paper has actively practiced and educated environmental responsibility since our inception in 1972. Our Team is committed to sustainable and environmental products across every part of our business. We are proud to only partner with paper mills that are (SFI®) and or (FSC) certified to ensure that products come from responsibly managed forests that provide environmental, social and economic benefits. We work with our employees and customers to educate and review all of our sustainable practices. While our team understands that there is no finish line in our fight for environmental sustainability, we are committed to protecting the environment in everything we do.

Environmental Responsibility Is More Than Just A Trend  
Most Of Our Products Fall Into One Of The Five Categories Below

# Our Capabilities

In addition to our full line of products, Delta Paper also converts for the trade. We counter roll, slit, sheet, cut, print, emboss, and coat many grades of paper to your specifications. Our reasonable prices, sustainable practices, high service levels, and exceptional quality set the standard for our industry.

Delta Paper is rapidly growing our custom printed division. We specialize in random flexographic printing and have the capability to print in either 1 or 2 colors. This service is not just limited to our Food Service & Supermarket Packaging Papers line of papers. With the emerging growth in e-commerce sales, many e-commerce companies have started to brand their industrial packaging materials with their logo or message. This includes boxes, paper tape, and void fill paper. We have the ability to handle all stages of the printing process from the design stage all the way to the final finished branded product.

# Food Service Papers

Delta Paper provides a wide variety of packaging papers that are used in the food service and restaurant industries. Our food service papers are FDA approved for direct and indirect contact with food products. Our food service papers offer a variety of applications such as wrapping, displaying, lining, protecting, covering, decorating, and many more. We are proud to offer an extensive line of hot & cold sandwich wrapping papers used in some of the countries top deli and food service companies. Whether you are wrapping meat or seafood or just want to save on your restaurant table linens expenses, our butcher paper line is designed to address presentation, sanitation and protection against any food products you may have.

From sandwiches to steaks, and everything in between, food of all forms needs to be packaged properly to preserve freshness and ensure safe handling. Whether you are wrapping, displaying, or protecting any food product's, our paper ensures that your products will remain fresh and or enhance any products in today's food service industry, We offer a variety of products that are offered in counter rolls to cut sheets.
